

The Awning advantage

■ Reducing direct sunlight decreases the temperature on your deck or patio by 20°F, enhancing your outdoor enjoyment.

■ Protects you and your family from up to 98% of the sun's harmful UV rays.

■ Eliminates fading of carpets, furniture, floors and other interior décor.

■ Custom fabricated to suit your needs.

■ Blocks 75% of solar heat entering your house through the windows, reducing inside temperatures up to 15°F better than blinds or drapes.

■ Expands your seasonal living space and adds value to your house.

■ 100% acrylic fabrics are water repellent, mildew resistant and easy to care for, remaining bright and beautiful for over 10 years.

■ Reduces the energy costs of air conditioning up to 25%, saves you money and reduces your home's carbon footprint.

■ Decreases the sunlight in your house reducing glare on television and computer screens.

■ A vario valance shades you from low lying sun and provides privacy.

■ Adding a motor reduces opening and retracting time to mere seconds, increasing your usage up to 75%.
